IQ 200 – SMART TUBE

C L E A R L Y B R I L L I A N T !

**Saves up to 84% in energy...
The minute you install it**

DESIGNED FOR EMERGENCY STAIRCASES!

Exclusive to **del solution**

The end of high energy costs!

del solution's new IQ 200 Smart tube is auto-adjustable depending on need.

The IQ 200 tube features a motion detector that switches to eco-lighting mode when there is no one around and instantly goes back to maximum lighting when it detects movement. Lighting is always adequate, without any waste.

Compare

Standard fluorescent tube of equal luminosity	32 watts.
IQ 200 Smart tube in maximum mode...	18 watts
IQ 200 Smart tube in eco-lighting mode	5 watts!

Overall, each tube allows you to save up to 84% of real electricity costs.

Light as you walk!

Designed for emergency staircases...

... And all other applications that require smart eco-lighting with full time availability!
